

E64 **WS** ESPRESSO HOME GRINDER

The King is Coming Home

Café-Quality, Now in Your Kitchen

The Grinder for Rich and Balanced Espresso Flavor

Bring café-quality performance into your home with the Mahlkönig E64 WS Espresso Home Grinder. Designed for coffee enthusiasts who demand perfection in every cup, this home grinder combines Mahlkönig's renowned engineering in a compact body.

Equipped with Mahlkönig's Pro Line Grind-by-Weight and Grind-by-Sync technologies, the E64 WS ensures every dose is measured and timed with absolute accuracy. The result: perfect extraction, repeatable results, and a flavor profile that captures the full character of your beans.

With a fast grinding speed of at least 3 grams per second for espresso, it delivers a perfect balance of speed, control, and performance, while its quiet operation ensures quick preparation without compromising quality.

Transform your daily coffee ritual into something extraordinary with the E64 WS Espresso Home Grinder. Small in size but mighty in performance, this grinder brings the precision of a professional coffee shop right to your kitchen.

Grind-by-Sync Capability

With built-in Sync connectivity, the E64 WS lets you adjust the burr distance electronically for precise, consistent grinding. You can either set it manually or let the grinder automatically sync with compatible espresso machines or devices to match the ideal extraction time for perfect results every time.

Adjustment & Customization of the Spout

The E64 WS Espresso Home Grinder features a versatile ball-joint spout that allows effortless adjustment for grinding directly into your preferred portafilter.

Its fully customizable ambient lighting offers a full range of colors, letting you match the grinder's look to your home setup and personal style.

Software & Connectivity

Connecting your grinder to the Mahlkönig Sync App and Cloud brings your coffee experience to the next level. Updates happen automatically, and you can keep track of your grind—and even your grind-to-brew events—right from your phone. With easy zero calibration and customizable settings, every cup stays consistent and top quality. Plus, Wi-Fi and Cloud connectivity let you sync devices, monitor your workflow, and get the most out of every grind.
