Brew-by-Sync

Onboarding Guide

Requirements:

You will need a home network with internet access, as well as a network-enabled device such as a mobile phone, tablet, or similar.

Why You Should Sync Your Mahlkönig Xenia & E64 WS

Connecting your E64 WS Espresso Home Grinder and your Xenia Brew-by-Sync Espresso Machine will bring your coffee experience to the next level. You have your target coffee recipe and want it to always be spot-on? Connecting your machine and grinder will allow for fully automatic grind size adjustment and a perfect cup of coffee: every time!

The grinder and espresso machine communicate via sync with each other through your home WiFi network. Once connected, you can set recipes on the grinder and even start the brewing process directly from it—making your workflow smoother and more convenient.

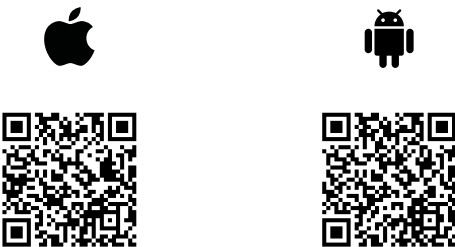

Get started by following the key setup steps to brew your first quality shot.

- Step 1 **Mahlkönig Sync App**
Download the App > Register With a Home Account
- Step 2 **WiFi Setup of Your Mahlkönig Xenia Brew-by-Sync**
Unbox & Install > Onboard to WiFi
- Step 3 **WiFi Setup Your Mahlkönig E64 WS**
Unbox & Install > Onboard to WiFi
- Step 4 **Enabling Sync**
Connectivity & Configuration
- Step 5 **Recipe Dial-In & First Synced Coffee**
Assisted Dial-in > Save Recipe > Enjoy Your Coffee!

STEP 1: Download the Mahlkönig Sync App

1. Download the **Mahlkönig Sync App** from the Apple App Store or Google Play Store, depending on your device.

Select or scan one of the icons below to go directly to the download page:

2. Open the app, choose **Household/Home** on the registration page, and follow the steps to register (see TIP!).

TIP:
Save your registration credentials to your phone’s password manager for a smoother, hassle-free experience.

STEP 2: WiFi Setup of Your Mahlkönig Xenia Brew-by-Sync

Unbox your Mahlkönig Xenia Brew-by-Sync: Carefully remove the machine from the box and follow the instructions in the enclosed Xenia - Quick Start Guide.

Connect the machine to your home WiFi network via Mahlkönig Sync App:

1. Have your home **WiFi password** and registered **Mahlkönig Sync App** available.
2. Turn the machine on (both main switch and ON button ) and wait 2 minutes.
3. Open your Mahlkönig Sync App and use the “**Add another device**” button on the home screen. Choose “**Coffee machine**” to continue.
4. Follow the steps using your 4-character **Xenia ID** (see sticker on the machine) and your home **WiFi password**:

Example:

XXXX

5. Congratulations! Now you can use “**View full controls**” to enter the software controls of your machine.

NOTE: WiFi Requirements
This device only supports **2.4 GHz** Wi-Fi. Please use your main Wi-Fi network.
Guest, hotel, and restricted networks are not supported.

TIP:
Once connected to your home WiFi you can also enter the machine controls via browser using “xenia-coffee.local” or the IP address of your machine in the URL bar. You find the IP address on the machine display when switching the machine on.

STEP 3: WiFi Setup Your Mahlkönig E64 WS

Unbox your Mahlkönig E64 WS: Carefully remove the grinder from the box and follow the instructions in the enclosed [E64 WS - Quick Start Guide](#).

Connect your E64 WS to your home WiFi network via Mahlkönig Sync App:

1. **First-time startup:** If this is your first time powering on, the E64 WS will guide you through a startup process—simply follow the on-screen steps*.
2. During the **Startup Wizard** you get asked to dial in your first recipe.
Please choose “no”. We will continue at this step later.
3. **If the Startup Wizard does not start automatically*:**
 - a. On the E64 WS, go to **Settings** (Press the **lower-left button** on the home menu ).
 - b. Select **Setup Assistance**.
 - c. Select **Setup Wizard** and follow the steps to onboard your E64 WS.

NOTE*:

In the app, the first page will display **Add Device**. During the E64 WS startup, when prompted with a QR code, simply open the app and add the device.

Please make sure that the Xenia espresso machine and the E64 WS grinder are on the same network to enable synced operations.

STEP 4: Enabling Sync

Now it is time to connect your E64 WS grinder to your Xenia espresso machine.

1. On the E64 WS, go to **Settings** (Press the **lower-left button** on the home menu ).
2. Navigate to **Connectivity / Machine To Machine / Enable Xenia**.
3. Navigate to **Configuration**, start the **Scan**, and select your Xenia from the list.
4. **Once the connection is successful**, the **Sync chain icon**  will appear in the top-right corner of your Xenia display.

STEP 5: Recipe Dial-In & First Synced Coffee

Now you are ready to dial-in and brew your first synced coffee.

Following these steps will help you achieve the best and fastest results:

1. On the E64 WS, go to **Settings** (Press the **lower-left button** on the home menu ≡).
2. Navigate to **Setup Assistance** and select **Assisted Dial-in**.
3. Follow the on-screen steps until you reach your desired target recipe.

IMPORTANT: For your first dial-in please choose **18 g** ☕ (single) or **36 g** ☕☕ (double) brew weight. You can change the target weight after the dial-in process in your recipe.

4. Save your **new recipe** in a slot.
5. Choose "**yes**" to **Fine-tune with GbS**.
6. Enable GbS.
7. On the E64 WS, the blue **Sync chain icon** 🔗 is **indicating** that **GbS is active** for this recipe.
8. Congratulations, your Sync Setup is complete and ready to brew your perfect cup of coffee!
9. Please **start your extraction** by pressing the **grinder jog dial** (on the right side of the display).
